ABOUT OUR COMPANY

Shield was founded on the basic principle of manufacturing the finest, most technologically advanced armored passenger vehicles in the world, which are far superior in performance and appearance to their competition. Shield has great experience in manufacturing and delivering high-level armored vehicles to every continent in the world. Shield prides itself on designing and producing vehicles, which protect the perceived threat level, maintain the vehicle's original appearance and perform as a normal passenger vehicle.

Shield views its product as a service –realizing it is a very personal experience, and one of utmost importance is the safety of our clients. Shield also specializes in the manufacturing of bullet-resistant passenger vehicles for government officials, heads of state, business executives, or any other individual who perceives a threat. We offer a wide variety of armoring options to fit any need, recognized as a world leader in the design and manufacture of both light armored and fully armored vehicles, these systems are recognized throughout the industry for quality and reliability.

OUR MISSION

The mission of Shield is to manufacture and produce bespoke quality armored vehicles which are designed keeping in mind their usability under combat situations. We want our armored vehicles to provide maximum security under any circumstance

OUR VISION

We Are Continually Evolving And Developing Our Security Features, Which Include Value-added Service For All Our Customers And Clients, Providing Cutting-edge Technologies, As Well As, Produce Seamless Military Capabilities
